## **Memorandum**

**TO: All State Lodges and National Board of Directors**

**FROM: Chuck Canterbury, National President**

The National FOP has been in contact with the White House and we have been assured that the Public Safety Death Benefit Program has not been changed and that the full benefit mandated in the Federal Law will be provided to all survivors and approved disability cases.

The funding that had been projected by Justice has been reduced but there are more than enough funds budgeted and if a budget shortfall would occur the Justice department would be mandated to find funding from an alternate program.

We will monitor this program as we always do and if there are any further developments we will provide information as timely as possible.
